SUMMARY

Aspiring Software Developer pursuing an MCA at IIT Patna, with a strong foundation in Core Java, Data Structures & Algorithms, OOP, JDBC, and MySQL. Interested in backend development, problem-solving, and building clean, efficient, and maintainable software applications.

TECHNICAL SKILLS

Programming:	Java, Python (Basics), MySQL
Core Concepts:	Data Structures & Algorithms, OOP, Exception Handling, Java Collections Framework
Java Technologies:	JDBC, Java Swing, Java AWT
Web Technologies:	HTML, Next.js, React, TypeScript, Tailwind CSS
Tools:	Eclipse, IntelliJ IDEA, Visual Studio Code, Android Studio, MySQL Workbench, Git, GitHub
Currently Learning:	Kotlin
Soft Skills:	Problem Solving, Logic Building, Quick Learning, Team Collaboration, Communication
Languages:	English, Hindi

PROJECTS

Bank Management System (ATM Simulation)

Mar 2026 – May 2026

[\[GitHub\]](#)

- Developed a desktop banking application using Java Swing, AWT, JDBC, and MySQL, supporting login, deposits, withdrawals, fast cash, balance enquiry, PIN change, and mini statements.
- Implemented input validation, exception handling, and database operations to manage customer and transaction data.
- Used Git and GitHub for source-code management and version control.

Personal Developer Portfolio

2026

[\[Live Demo\]](#)

- Built a responsive personal portfolio using Next.js, React, TypeScript, and Tailwind CSS, showcasing projects, technical skills, and academic background.
- Created an interactive cinematic intro and responsive animations using Framer Motion, with dark/light themes, glassmorphism UI, Web Audio API, and interactive browser features.
- Leveraged AI-assisted development tools throughout the project for implementation, debugging, UI/UX refinement, and problem-solving.

EDUCATION

Master of Computer Applications (MCA)

IIT Patna

Present

Patna, India

B.Sc. in Physical Science with Electronics

University of Delhi

Aug 2025

Delhi, India

- Built a foundation in Mathematics, Electronics, Microprocessors, and Modern Physics.
- Maintained a CGPA above 8.0 in three consecutive semesters during undergraduate studies.

AWARDS & ACHIEVEMENTS

Gold Medal & Student of the Year Award

May 2019

- Secured First Rank in Class XI and received the Gold Medal and Student of the Year Award.

Mental Mathematics Quiz – 2nd Position

Oct 2016

- Secured 2nd Position in a school-level mental mathematics competition involving students from multiple schools.
